Note 1: Data reported from federal VAMS system. Providers have up to 24 hours to submit administration data to VAMS.

Note 2: DHEC's number of inventory is based on 5 doses per vial. It has been reported by some facilities that they are able to get more doses (6-7 doses) per vial, which can cause a utilization > 100%.

Note 3: Vaccine data from nursing homes and assisted living facilities is managed by the federal Tiberius system. Administered vaccines data isn't currently available in Tiberius. Our federal partners are actively working on an expanded reporting tool. Vaccine committed to federal administration partners CVS and Walgreens is currently 101,700 doses in South Carolina.
