Stay Up to Date on the Latest Gathering Guidance and Other Frequently Asked Questions
As the state carefully reopens, and more people get vaccinated, guidance is added and updated often. Stay up on the latest by regularly checking our [Frequently Asked Questions!](#)

For example, read [the current restrictions on social gatherings](#) for people fully vaccinated or unvaccinated, and what kinds of prevention steps to take based on your situation.

We appreciate your efforts to stay informed – for your health and those around you.

Video Answers Questions About COVID-19 Vaccine & Pregnancy – in Multiple Languages

A new Health Department video, [Sara Asks](#), was inspired by community education sessions held with our partners to answer some commonly asked questions around the COVID-19 vaccine. This first video centers on pregnancy, breastfeeding, and fertility questions.

It is available in English, Arabic and Nepali, with more languages coming soon. The videos (and other resources) can be found on our [Multilingual Resources web page](#).

New on healthvermont.gov

About 20% of outbreak-associated cases are attributed to workplaces. On average, there are 5 or fewer cases associated with an outbreak in a workplace, and nearly all of the cases associated with workplace outbreaks were among staff only. Learn more about workplace outbreaks in the latest [Weekly Data Summary Spotlight](#).
