## Wyoming COVID-19 Vaccine Information

On April 13, the [Centers for Disease Control and Prevention \(CDC\)](#) and the [Federal Drug Administration \(FDA\)](#) released a [joint statement](#) recommending a temporary pause in the use of the Johnson & Johnson (Janssen) vaccine to review data involving six reported U.S. cases of a rare and severe type of blood clot in individuals after receiving this vaccine. Wyoming is following this recommendation.

If you have recently received the Johnson & Johnson COVID-19 vaccine and develop severe headache, abdominal pain, leg pain, or shortness of breath within three weeks after vaccination, contact your healthcare provider, or seek medical care.

### What You Need to Know

**The vaccines are FREE.**

- If you have insurance, your insurance can be billed for administration fees. No fees will be billed to you.
- If you do not have insurance, you will be able to get the vaccine and no fees will be billed to you.

**The vaccines are SAFE.**

- CDC has [safety information and guidance](#) to answer questions and help you prepare for vaccination.

**The vaccines WORK!**

- Learn more about COVID-19 vaccination [benefits](#) and [facts](#).

All Wyoming counties are offering vaccines to the general public.

- If you were included in an earlier priority group, you haven't missed your chance to get vaccinated.
