COVID-19

COVID-19 Numbers | Alerts | Directives | Guidances | Resources | CDC Information

To protect yourself and others, the ADH recommends:

- Wash your hands often with soap and water for at least 20 seconds. Use hand sanitizer when soap and water are not available.
- Practice social distancing. Avoid close contact with others, especially those who are sick, by keeping at least 6 feet between you and others.
- Avoid going out except to get medical care. If you think you have been exposed to COVID-19 and develop a fever, cough, or shortness
 of breath, call your health care provider. Your physician will decide if testing is necessary based on your symptoms and known
 exposures.
- Wear a cloth mask when in public and unable to maintain a 6-foot distance from others. Click here to read the CDC's recommendations. The ADH offers this do-it-yourself cloth mask design.
