

If you have symptoms of a fever or cough, call your medical provider to find out if you should be tested for coronavirus.

See if our [FAQ](#) answers your questions. If not, call 2-1-1 or your local [public health district](#) with questions.

Idaho public health officials are monitoring the novel coronavirus disease (COVID-19) situation very closely. **Idaho is currently reporting no cases.**

Officials are working with CDC and other states and are also in regular communication with Idaho public health districts and healthcare providers around the state. We are prepared to respond if someone is sick or exposed.

Idaho COVID-19 public health monitoring and testing*

Total number of people monitored by Idaho public health (past & present)	48
Number of people no longer being monitored by public health	37
