If you have symptoms of a fever or cough, call your medical provider to find out if you should be tested for coronavirus.

Idaho's response to COVID-19 is now primarily local or regional in nature. The State of Idaho and Governor's Office will continue to monitor statewide COVID-19 activity and work closely with the seven public health districts across the state to ensure the health and safety of Idahoans. For questions about COVID-19 in your area, please contact your local public health district.

Idaho public health officials are monitoring the novel coronavirus disease (COVID-19) situation very closely. **Idaho is currently reporting 33,741 confirmed and probable cases.**

Officials are working with CDC and other states and are also in regular communication with Idaho public health districts and healthcare providers around the state.

COVID-19 in Idaho

*Data updated by 5:00 p.m. MT, 9/07/2020. State-level data will be updated by 5 p.m. MT daily. Case data are based on surveillance system records provided by the public health districts. Public health district data will be updated on their agency website at their discretion and
