COVID-19 (2019 Novel Coronavirus) Quick Stats (Preliminary Numbers, Subject to Change)

Updated 4/30/2020

- There were 4,238 cases from 80 counties with 129 deaths reported as of 9 a.m.
- There have been 523 of 3,034 cases that have been hospitalized.
- There have been 27,388 negative tests conducted at KDHE and private labs.
- Age range is 0 years to 99 years (median 46 years)
- There have been 1,475 positive tests at KHEL and 2,763 at private labs.
- 1,962 cases are female and 2,234 are male and 42 unknown.

Today's increase is due to delays in report entry from some communities and positives found at Lansing Correctional Facility. For more information on LCF, please refer to the Kansas Department of Corrections.

COVID-19 (2019 Novel Coronavirus) Quick Stats (Preliminary Numbers, Subject to Change)

Updated 4/25/2020

- There were 3,056 cases from 76 counties with 117 deaths reported as of 10 a.m.
- There have been 474 of 2,292 cases that have been hospitalized.
- There have been 22,143 negative tests conducted at KDHE and private labs.
- Age range is 0 years to 99 years (median 47 years)
- There have been 809 positive tests at KHEL and 2,247 at private labs.
- 1,502 cases are female and 1,532 are male and 22 unknown.

We also anticipate seeing an increase in the next several days for areas in Western Kansas due to the new testing strategies implemented. There may be delays with those county numbers being reflected in KDHE's total due to the additional time it's taking to enter the lab reports.

COVID-19 (2019 Novel Coronavirus) Quick Stats (Preliminary Numbers, Subject to Change)

Updated 4/22/2020

- There were 2,211 cases from 70 counties with 110 deaths reported as of 11 a.m.
- There have been 432 of 1,816 cases that have been hospitalized.
- There have been 17,992 negative tests conducted at KDHE and private labs.
- Age range is 0 years to 99 years (median 50 years)
- There have been 496 positive tests at KHEL and 1,715 at private labs.
- 1,116 cases are female and 1,088 are male and 7 unknown.

Please note, there has been a significant increase today due to KDHE not receiving lab reports from a private lab, which affected Lyon County numbers, along with several other counties. We also anticipate seeing an increase in the next several days for areas in Western Kansas due to the new testing strategies implemented. There may be delays with those county numbers being reflected in KDHE's total due to the additional time it's taking to enter the lab reports.

COVID-19 (2019 Novel Coronavirus) Quick Stats (Preliminary Numbers, Subject to Change)

Updated 4/21//2020

- There were 2,025 cases from 69 counties with 107 deaths reported as of 11 a.m.
- There have been 419 of 1,684 cases that have been hospitalized.
- There have been 17,076 negative tests conducted at KDHE and private labs.
- Age range is 0 years to 99 years (median 51 years)
- There have been 456 positive tests at KHEL and 1,569 at private labs.
- 1,042 cases are female and 979 are male and 4 unknown.

* Please note KDHE was not receiving lab reports from a private lab which has caused our numbers for Lyon County to be inconsistent with what Lyon County is reporting. This is being corrected and numbers should be consistent beginning April 22.

Positive (confirmed)	8
Negative	135

Positive Case Information	
<i>County</i>	<i>Number</i>
Johnson County	5
Wyandotte County	1
Butler County	1
Franklin County	1

KDHE Response Activities

- Other labs in the state are beginning to test for COVID-19. These labs are asked to send all results to KDHE. KDHE will continue reporting/announcing results from these labs for Kansas cases.
- KDHE will update its website with the case information daily, Monday — Friday by 5 p.m.
- KDHE has created a toolkit of Kansas-specific guidance to help local public health departments engage with their community partners on COVID-19 planning. It can be found on the KDHE website: www.kdheks.gov/coronavirus. New information is added daily.
- KDHE has a phone-bank operation that is staffed during regular business hours. The phone number is **1-866-534-3463** (1-866-KDHEINF). KDHE also has an email address for general inquiries, COVID-19@ks.gov. Please note these contact numbers are for general questions and cannot provide you with medical evaluations. If you are feeling ill, please stay home and call your healthcare provider.
