In the event of a discrepancy between case confirmations, please note kycovid19.ky.gov is reporting confirmed cases by the Kentucky Department of Public Health (KDPH). We are working diligently to confirm cases as they are reported to KDPH.

The Team Kentucky Fund

Governor Andy Beshear invites all Kentuckians to make a tax deductible donation to the Team Kentucky Fund. This fund provides assistance to Kentuckians who have been severely financially impacted by the COVID-19 emergency.

Healthcare Providers and Laboratories

COVID-19: Deaf and Hard of Hearing Communication Access Recommendations for the Hospital

SAMHSA OTP Guidance: SAMHSA issued guidance allowing states with and without emergency declarations to allow Opioid Treatment Programs (OTPs) to provide 28 days of take-home medication to stable patients and 15 days of medication to less stable patients whom the OTP believes can responsibly manage this amount of medication.

SAMHSA 42 CFR Part 2 Guidance: SAMHSA issued guidance which allows providers to share patient SUD diagnosis information that would normally be protected under 42 CFR Part 2 in instances of a bona fide medical emergency. Usage of the medical emergency exception must be documented by providers.

CMS Guidance to Catastrophic Coverage Plans: CMS issued an FAQ clarifying that catastrophic coverage plans must include coverage of COVID-19 diagnosis and treatment under the Essential Health Benefits. CMS will waive enforcement actions against any such plan which provides COVID-19 services before patients pay the plan's deductible, and encourages plans and states to provide such pre-deductible coverage.
