Parent/Caregiver Guide to helping families cope with the Coronavirus Disease 2019

Services   [?]

During the COVID-19 State of Emergency, individuals who need special healthcare coverage should click here Healthcare Coverage Application. This coverage is temporary and ends 2 months after the application month unless you submit an application for regular Medicaid. For application help, contact an application assister through the Application Assister Web Page or call the Kentucky Healthcare Customer Service line toll-free at (855) 459-6328. For a listing of participating medical providers please access the Kentucky Medicaid Provider Directory. If you have questions or need more information about a participating provider, you can call 1-800-635-2570.

How to file an unemployment insurance claim if you have lost a job or are sick due to COVID-19

Individuals may apply for Medicaid by calling the Kentucky Healthcare Customer Service line toll-free at (855) 459-6328, contacting an application assister through the Kentucky Health Benefit Exchange website, visiting the Benefind website or by calling the DCBS Call Center toll free at (855) 306-8959.

KY Medicaid COVID - 19 Information

Individuals may apply for the *Supplemental Nutrition Assistance Program* (*SNAP*), formerly known as food stamps, by visiting the Benefind website or by calling the DCBS Call Center toll free at (855) 306-8959.

To see if you might be eligible for WIC, visit: WIC Screening Tool. If you think you might be eligible, contact your local health department for more information on enrolling.

COVID-19 Resources for Children ☐

Contact Tracing
A Confidential Public Health Resource

What is Contact Tracing?

Contact Tracing is a process used by the Kentucky Department for Public Health to help stop the spread of diseases like COVID-19.

GOAL: Stop the Spread and Save Lives

Public Health workers reach out to individuals who have contracted COVID-19 to assess their situation and track any recent in-person contacts.

Tracers reach out to identified contacts to provide instructions and connect them to local resources.

By following instructions provided by the Tracer, contacts help stop the spreadof COVID-19 and save the lives of Kentuckians.
