WHERE WE STAND WITH COVID-19

The State of Michigan is working around the clock to test and treat COVID-19 patients. Below is the most recent data healthcare experts across the state have compiled. It is updated daily.

Total Confirmed Cases

76,978

Total COVID-19 Deaths

6,149*

Daily Confirmed Cases

437

Daily COVID-19 Deaths

14**

*During a data quality assessment review of deaths, manual data entry errors were discovered, leading to a decrease of 16 in the cumulative death total. The errors in death ascertainment occurred during local case investigations and involved mistakenly indicating individuals as being deceased who were not. This adjustment affects the cumulative death totals for impacted counties and statewide. Reviews are being conducted as part of ongoing efforts to ensure data quality and accurate case and death reporting in Michigan.

**The deaths announced today includes 8 deaths identified during a Vital Records review. See cumulative data page for more information.

Updated 7/25/2020

RESOURCES AND ASSISTANCE

Emergency Assistance

Apply for energy, health insurance, food & other assistance through MIBridges

Unemployment Assistance

Apply for unemployment assistance through the Michigan Unemployment Insurance Agency

Business Assistance
