Cases in Missouri: 3,327

Total Deaths: 58

Patients tested in Missouri (by all labs): approximately 38,282

As of 2:00 p.m. CT, April 8

Approximate update: 2:00 p.m., April 9

- **Missouri Health Care Utilization April 8, 2020** 📄

These data are provisional and will change daily. Investigations are being done on new cases, so as additional information is determined on these cases, information such as county, demographics, and the total counts will continue to change. Efforts are continually being made to improve data quality so that DHSS is providing the most accurate information possible.
