April 30, 2020

CLEARED FOR PUBLIC DISTRIBUTION

**NEVADA
HEALTH
RESPONSE**

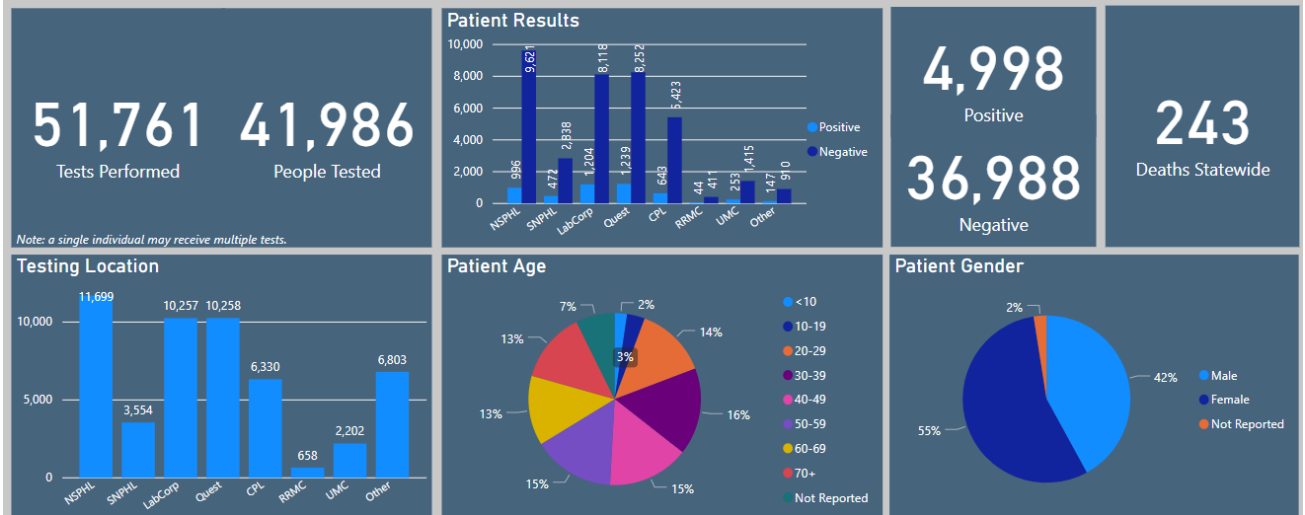

In coordination with the Office of Governor Steve Sisolak

COVID-19 NEVADA STATISTICAL DATA April 30, 2020

* CLEARED FOR PUBLIC DISTRIBUTION *

COVID-19 BY THE NUMBERS - NEVADA

STATEWIDE HOSPITAL CAPABILITY STATUS *

% Occupied Licensed & Staffed Beds	% ICU Rooms Occupied	% of Ventilators in Use
65%	71%	33%

*Nevada Hospital Association Status Updated Daily

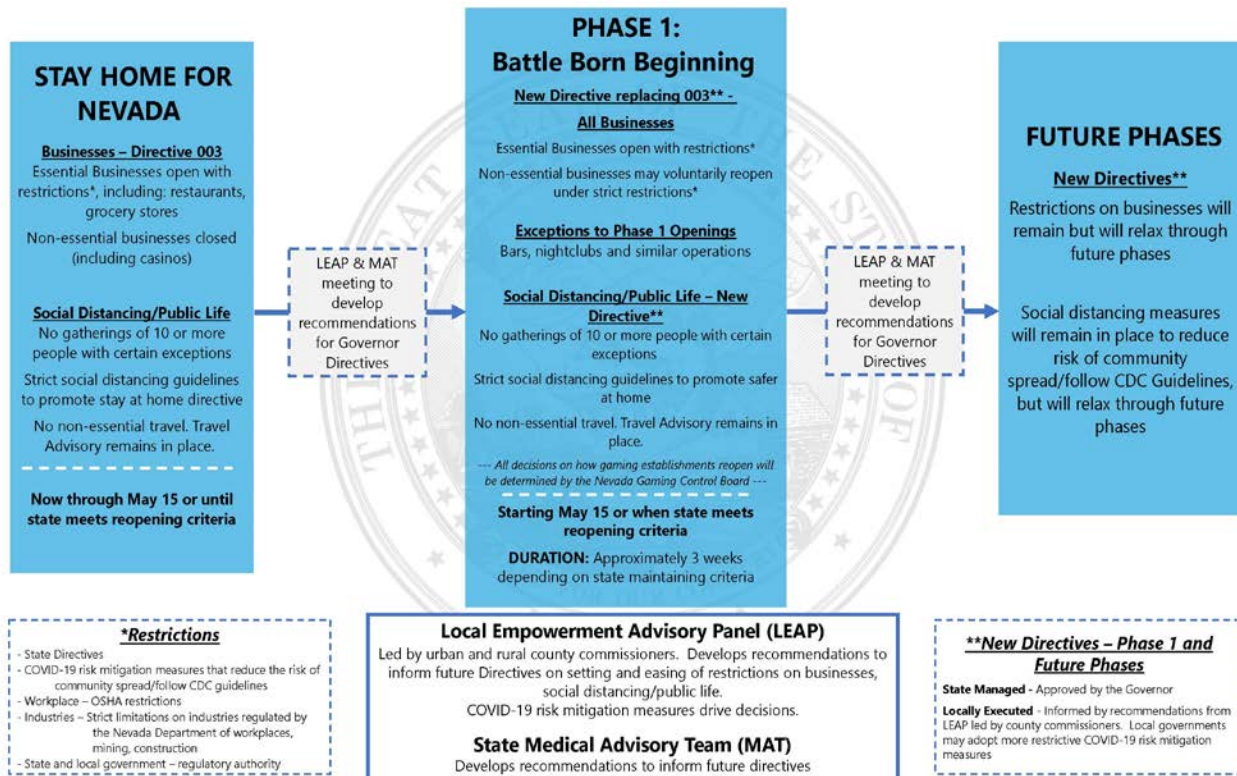

COVID-19 CASES IN NEVADA

*As of 4/8/2020 cumulative daily death counts are displayed by date of death, rather than the date that the death was reported to the state. The total count for statewide deaths on the first tab may not equal the sum of the cumulative daily death counts because of cases where exact date of death is unknown or pending report

NEVADA UNITED: Roadmap to Recovery

Federally Supported | State Managed | Locally Executed

NEVADA UNITED: Roadmap to Recovery

Local Empowerment Advisory Panel (LEAP)

As counties throughout Nevada work to meet the statewide reopening criteria and determine the complex methods of reopening businesses in a manner that will protect the health and safety of the public in the midst of the COVID-19 crisis, they can seek assistance and direction from the Local Empowerment Advisory Council (LEAP), created under this plan. The LEAP is a group of stakeholders who will serve as a resource for counties as they work through the necessary requirements to reopen and share best practices and guidelines for local communities. Most importantly, the recommendations of the LEAP help inform the Directives issues by the Governor as the state moves through each phase.

- Urban County Lead: Chair Marilyn Kirkpatrick, Clark County Board of Commissioners
- Rural County Lead: Chair J.J. Goicoechea, Eureka County Board of Commissioners
- Nevada Association of Counties (NACO) representative: Dagny Stapleton
- Representative of the Governor's Office
- Director Terry Reynolds, Nevada Department of Business and Industry
- Director Michael Brown, Governor's Office of Economic Development

The Local Empowerment Advisory Panel is encouraged to consult with business and industry representatives, worker and labor organizations, public health authorities, Nevada Hospital Association, local governments representatives, state legislators, and other stakeholders, as needed.

WHAT NEVADANS CAN DO TO HELP

DID YOU KNOW?
NEVADA NATIONAL GUARD

Nevada Guardsmen are working with food banks & school districts in the state to increase capability to provide food & equipment for Nevadans

- 40K meals distributed to Clark County School District
- 150K lbs generated at Food Bank of Northern Nevada
- Distributed 100 orders of PPE from the LVCVA

#InThisTogether

Thank you, Nevada Air and Army National Guard members, for your support to our state during Nevada's response to the COVID-19 pandemic.

STAY AT HOME UNTIL MAY 15

It's okay to get out and play, but please **PLAY YOUR PART** in doing so as safely as possible:

- 6 feet between yourself and others
- avoid shared equipment
- avoid gathering more than 10 people

NEVADA HERO OF THE DAY

RECOGNIZING THE HEROES AMONG US, WHO ARE WORKING TIRELESSLY TO HELP THEIR FELLOW NEVADANS.

NEVADA HERO OF THE DAY NICOLE LAMBOLEY

Nicole, CEO of Food Bank of Northern Nevada, has partnered with Washoe County School District, Reno-Sparks Convention Center, and several businesses to distribute emergency boxes of food.

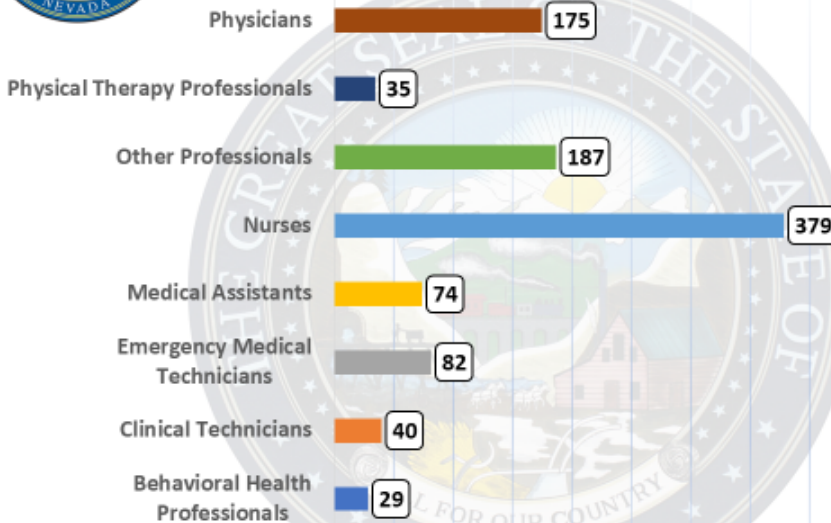

Thank you, Nicole, for keeping food on the table for so many northern Nevadans!

U.S. STATE DEPARTMENT

LEVEL 4 – DO NOT TRAVEL

The Department of State advises U.S. citizens to avoid all international travel due to the global impact of COVID-19. In countries where commercial departure options remain available, U.S. citizens who live in the United States should arrange for immediate return to the United States, unless they are prepared to remain abroad for an indefinite period.

At present the Department of State is making every effort to assist U.S. citizens overseas who wish to return to the United States. As the Covid-19 situation develops, our ability to provide such assistance working with commercial airlines or arranging for evacuation flights may become more limited or even unavailable. In recent weeks, commercial airlines have significantly reduced flight schedules and countries have closed airports and borders with little advance notice. If you wish to return to the United States, you should make arrangements to do so now and contact the nearest U.S. Embassy or Consulate for assistance as needed. There is no guarantee that the Department of State will be able to continue to provide repatriation assistance and transportation options to the United States may be unavailable in the future. If you choose to remain overseas, you should be prepared to remain where you are for the foreseeable future.

U.S. citizens who live abroad should avoid all international travel.

CENTERS FOR DISEASE CONTROL

LEVEL 3 – AVOID NONESSENTIAL TRAVEL

- Widespread ongoing transmission of a [respiratory illness caused by the novel coronavirus \(COVID-19\)](#) is occurring globally.
- **CDC recommends that travelers avoid all nonessential international travel.**
- Older adults and people of any age with serious chronic medical conditions are at increased risk for severe disease.
- There may be limited access to adequate medical care in affected areas.
- US residents may have difficulty returning to the United States.
- Travelers should avoid contact with sick people and wash their hands often with soap and water for at least 20 seconds. If soap and water are not readily available, use an alcohol-based hand sanitizer that contains at least 60% alcohol.
- All international travelers should stay home for 14 days after returning from travel, monitor their health, and practice social distancing.
