As of 1:00pm ET, April 9

[New Jersey COVID-19 Information Hub](#)

Positive†	51027
Deaths	1700
Negative Results*	56165

[Department of Health COVID-19 home page >](#)

† Includes deaths and results reported by state, commercial and medical center laboratories

* This figure includes data reported to the state by the state lab plus numerous private laboratory entities, representing more than 95 percent of private testing capacity in New Jersey.

COVID-19 and your child's health

Childhood Vaccines, Checkups, and COVID-19

Providers may not be able to provide well-child visits & immunizations for all patients at this time. If a practice can provide only limited well-child visits, they should prioritize newborn care and vaccination of infants and young children (through 24 months of age) when possible.

The banner has a green background with a textured, grass-like pattern. On the left, there is a circular icon of a syringe with a blue background. To the right of the icon, the text "Get a Flu Shot!" is written in large, bold, red letters. Below that, "Stay Home When Sick!" is written in large, bold, blue letters. On the right side of the banner, the hashtag "#FighttheFluNJ" is written in large, bold, white letters. Below the hashtag, the URL "nj.gov/health/fighttheflunj" is written in a smaller, white, sans-serif font. At the bottom right, there is a logo for "NJ Health" with the text "New Jersey Department of Health" below it. The logo features a stylized orange outline of the state of New Jersey.

Flu activity is widespread throughout the state.

In The News

Governor Murphy Signs Executive Order to Remove Barriers to Health Care Professionals Joining New Jersey's COVID-19 Response and Provide Protections for Front Line Health Care Responders

The order authorizes the Division of Consumer Affairs to temporarily reactivate the licenses of recently retired health care professionals and grant temporary licenses to doctors licensed in foreign countries. The executive order also temporarily permits certain health care professionals to perform acts outside of their ordinary scope of practice and grants broad civil immunity to health care professionals and facilities providing services in support of New Jersey's COVID-19 response efforts who are acting in good faith.
