### **What can I do to protect myself from COVID-19?**

Just like with many other respiratory illnesses, the best way to protect yourself is to wash your hands thoroughly and regularly, to cough or sneeze into your sleeve or a tissue, and avoid contact with people who are coughing or sneezing. Also stay home from work or school when you are sick.

### **What are the symptoms of COVID-19 and should I get tested?**

People with COVID-19 have reported symptoms of fever, cough, or trouble breathing.
