Response

The Oklahoma public health system has activated the Incident Command System and stands ready with a multitude of statewide and national partners to treat and minimize further spread. Public health officials will continue to work with health care providers and medical facilities to ensure proper assessment, testing and treatment protocols. State and local public health officials will continue to monitor travelers and any individuals who test positive for COVID-19.

Latest News

SITUATION UPDATE: COVID-19 03/17/2020

- As of this advisory, there are 17 confirmed cases of COVID-19 in Oklahoma.

SITUATION UPDATE: COVID-19 03/15/2020

- Three additional individuals have tested positive for COVID-19. The cases are in Cleveland, Payne and Tulsa counties. There are currently seven cases in Oklahoma.
- County health officials are working with each case to determine close contacts and any further need for testing.
- Moving forward, the CDC is no longer confirming presumptive positive cases. All positive cases reported in the Oklahoma State Department of Health public health laboratory will stand as confirmed.
