Response

The Oklahoma public health system has activated the Incident Command System and stands ready with a multitude of statewide and national partners to treat and minimize further spread. Public health officials will continue to work with health care providers and medical facilities to ensure proper assessment, testing and treatment protocols. State and local public health officials will continue to monitor travelers and any individuals who test positive for COVID-19.

Latest News

SITUATION UPDATE: COVID-19 03/19/2020

Editors note: Due to a change in a reported address, the table for county cases has been updated to reflect nine cases in Cleveland County and no cases in Stephens County. The total case count remains at 44.
