**ATTENTION:** All test results should be reviewed by the ordering physician or submitting clinician. Patients with a positive test be advised by phone. Please call the patient in notifying the patient and

status of the pending investigation, which results

### Current Situation

COVID-19 is a virus identified as the cause of an outbreak of respiratory illness first detected in Wuhan City, Hubei Province, China in 2019 and has since spread globally into a pandemic. Symptoms of COVID-19 include fever, cough, and shortness of breath. While roughly 80% of cases report mild symptoms, some progress into sever pneumonia and multi-organ failure and can led to death. Current data indicates the risk of death for those contracting COVID-19 notably increases for individuals above the age of 60 or for individuals with autoimmune conditions. On January 11, 2020, the first set of individuals in the United States tested positive for COVID-19. The virus has since spread across all 50 states and the number of individuals testing positive for COVID-19 continues to rapidly grow each day.

## Response

The Oklahoma public health system has activated the Incident Command System and stands ready with a multitude of statewide and national partners to treat and minimize further spread. Public health officials will continue to work with health care providers and medical facilities to ensure proper assessment, testing and treatment protocols. State and local public health officials will continue to monitor travelers and any individuals who test positive for COVID-19.

## Latest News

### SITUATION UPDATE: COVID-19 03/22/2020

Sunday, March 22, 2020

- As of this advisory, there are 67 positive cases of COVID-19 in Oklahoma.

## Oklahoma State Department of Health Expands Resources as Response to COVID-19

Thursday, March 19, 2020

In response to the rapidly evolving response to COVID-19 in our state, the Oklahoma State Department of Health (OSDH) is actively increasing capacity around the state to meet local needs. A significant part of this effort is ensuring the talent and support that exists is being accurately utilized in priority areas.
