The South Dakota Department of Health (SD-DOH) continues to respond to the emergence of the novel coronavirus. We are working with the CDC and our healthcare partners across the state to protect South Dakotans from COVID-19.

**SOUTH DAKOTA
COVID-19 INFORMATION LINE**
Questions about COVID-19? We're here to help.
PLEASE CALL 1-800-997-2880

CLEAN HANDS OFTEN

- ✓ Wash hands often with soap and water for at least 20 seconds especially after you have been in a public place
- ✓ Avoid touching your eyes, nose, and mouth with unwashed hands.

AVOID CLOSE CONTACT

- ✓ Avoid close contact with people.
- ✓ Stay at home as much as possible, except to run essential errands or to seek medical attention.
- ✓ Put distance between yourself and other people. Remember that some people without symptoms may be able to spread the virus.

WEAR A CLOTH FACE COVER

- ✓ Everyone should wear a cloth face cover when they have to go out in public, for example to the grocery store or to pick up other necessities.
- ✓ The cloth face cover is meant to protect other people in case you are infected.
- ✓ Do NOT use a facemask meant for a healthcare worker.
- ✓ Continue to keep about 6 feet between yourself and others. The cloth face cover is not a substitute for social distancing.

COVER COUGHS & SNEEZES

- ✓ Remember to always cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow.
- ✓ Throw used tissues in the trash.
- ✓ Immediately wash your hands with soap and water for at least 20 seconds.

CLEAN AND DISINFECT

- ✓ Clean AND disinfect frequently touched surfaces daily. This includes tables, doorknobs, light switches, countertops, handles, desks, phones, keyboards, toilets, faucets, and sinks.
- ✓ If surfaces are dirty, clean them: Use detergent or soap and water prior to disinfection.

THE BEST WAY TO PREVENT ILLNESS IS TO AVOID BEING EXPOSED TO THIS VIRUS.

COVID-19 IN SOUTH DAKOTA

On March 4, 2020, CDC updated the clinical criteria for testing a symptomatic individual after evaluation by their healthcare provider. As a result, the South Dakota Department of Health (SD-DOH) expects the number of persons under investigation (PUI) being tested for COVID-19 to increase.

The number of PUI being tested does not reflect the level of risk to the public in the state. For more information about the outbreak, potential risks, and protective recommendations, visit the [SD-DOH website](#) or [CDC website](#).

This table shows the total number of positive COVID-19 cases in South Dakota residents, the total number of persons that tested negative, and the total number of PUIs that are pending results.

SOUTH DAKOTA CASE COUNTS	
Test Results	# of Cases
Positive*	730
Negative**	7823
Pending***	0

*Positive test results include testing conducted by the South Dakota Public Health Laboratory and private laboratories.
 **Negative test results include testing conducted by the South Dakota Public Health Laboratory and private laboratories.
 ***Tests currently pending at the South Dakota Public Health Lab. This number does not include pending results at private labs. If you have been tested and are waiting for results, contact your healthcare provider

COVID-19 IN SOUTH DAKOTA	
Number of Cases	730
Ever Hospitalized*	43
Deaths**	6
Recovered	197

*Cumulative persons who have been hospitalized to date.

**The Department does not report deaths until a certified death record has been filed. By law, a death record must be filed within 5 days of the date of death.

COMMUNITY IMPACT MAP

Everyone has a role to play to get ready, stay healthy, and protect yourself, your family, and your community from COVID-19. The goal is to slow the spread of COVID-19 to reduce illness and death, while minimizing disruptions to daily life.

What does “community mitigation” mean?

Any actions that individuals, schools, businesses, and health care facilities take to slow the spread of the infection.

CDC has developed steps that can be taken based on the level of COVID-19 spread in the community. As more COVID-19 is spread in a community, additional preventive steps can be taken. Community spread is defined as three levels:

- **None:** COVID-19 cases may occur in the community, but there is NO community transmission.
- **Minimal to Moderate:** There is a single case of community-acquired COVID-19 in a county.
- **Substantial:** There are five or more cases of community-acquired COVID-19 in a county or a distinct group of cases in a single area (e.g., city or county).

PRECAUTIONS TO AVOID ILLNESS

What can you do?

- Wash your hands often with soap and water for at least 20 seconds or use an alcohol-based hand sanitizer.
 - [Q&A for Consumers: Hand Sanitizers and COVID-19](#)
- Cover your coughs and sneezes with a tissue.
- Avoid close contact with people who are sick.
- Refraining from touching your eyes, nose and mouth.
- Clean frequently touched surfaces and objects.
- Individuals at higher risk for severe COVID-19 illness, such as older adults and people who have chronic medical conditions like heart, lung or kidney disease, should [take actions](#) to reduce your risk of exposure.
- Create a family [plan](#) to prepare for COVID-19 and develop a [stay at home kit](#) with food, water, medication, and other necessary items.
- [Recommendation Regarding the Use of Cloth Face Coverings](#) (CDC)

Cleaning and Disinfection Recommendations:

WHAT TO DO IF YOU DEVELOP SYMPTOMS

If you develop symptoms:

- Call your health care provider immediately and tell them about any recent travel or exposure.
- Individuals who are concerned that they have COVID-19 should contact their healthcare provider via phone before going to a clinic or hospital to prevent spread in healthcare facilities.
- Avoid contact with other people.
- Follow the directions of your healthcare provider and public health officials.
- [Symptoms and Testing Guidance](#) (CDC)
- [Symptom Checker Algorithm](#)
- [10 Ways to Manage Respiratory Symptoms at Home](#) (CDC)

Find Federally Qualified Health Centers in South Dakota - community-based primary care services in underserved areas providing care on a sliding fee scale based on ability to pay.

Self-Quarantine, Self-Isolation, and Self-Monitoring:

- [Self-Isolation Guidance](#)
- [Temperature Tracker](#)
- [Taking Your Temperature](#)
- [Release from Isolation Guidance](#)

Personal Protective Equipment (PPE) Guidance:

CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies) **especially** in areas of significant community-based transmission. Visit the [CDC website](#) for more information.

INFORMATION FOR MEDICAL PROVIDERS

- [Office for Civil Rights \(OCR\) Announces Notification of Enforcement Discretion for Telehealth Remote Communications During the COVID-19 Nationwide Public Health Emergency](#)
- Medical providers who are concerned a patient may be infected with COVID-19 should:
 - Mask the patient
 - Isolate the Patient in a private room or separate area, and
 - Contact with SD-DOH (800-592-1861) immediately for consultation and guidance
- Clinicians are strongly encouraged to test for other infectious causes of respiratory illness, such as influenza and RSV. **Note:** Asymptomatic patients are **not eligible** for testing at the SD Public Health Laboratory. High-priority specimens for testing include:

Clinical Features

Fever OR Cough OR Shortness of Breath

Fever OR Cough OR Sore Throat OR Shortness of Breath

Risk Exposure

-Individuals who are hospitalized
OR
-Persons in institutional settings (long-term care facilities, assisted living centers, etc.)

-Healthcare workers and first responders

- SD-DOH would like to remind medical providers, hospitals, and laboratories that cases of COVID-19, caused by the SARS-CoV-2 virus, are considered immediately **reportable** in South Dakota (under Coronavirus Respiratory syndromes).

Emergency Management Assistance Compact

On March 23, 2020, Governor Noem issued **Executive Order 2020-07** which recognizes the licenses of medical professionals licensed in another state in accordance with the Emergency Management Assistance Compact. The following professions licensed in other states have the authority to practice in SD based on an active license in another state. They do not need to gain another license in SD. It is recommended that if you are utilizing the services of one of the professionals licensed in other states that you verify the licensure status of that individual. Please contact the board office with any questions that you have during this Coronavirus Pandemic.

- Physicians and Surgeons ([SDCL 36-4](#))
- Physicians Assistants ([SDCL 36-4A](#))
- Advance Life Support Personnel ([SDCL 36-4B](#))
- Respiratory Care Practitioners ([SDCL 36-4C](#))
- Registered and Practical Nurses ([SDCL 36-9](#))
- Certified Nurse Practitioners And Certified Nurse Midwives ([SDCL 36-9A](#))
- Medical Assistants ([SDCL 36-9B](#))
- Physical Therapists ([SDCL 36-10](#))
- Dietetics and Nutrition ([SDCL 36-10B](#))
- Pharmacies and Pharmacists ([SDCL 36-11](#))
- Social Workers ([SDCL 36-26](#))
- Psychologists ([SDCL 36-27A](#))
- Occupational Therapists ([SDCL 36-31](#))
- Professional Counselors ([SDCL 36-32](#))
- Marriage and Family Therapists ([SDCL 36-33](#))
- Addiction and Prevention Professionals ([SDCL 36-34](#))
- Speech-Language Pathologists ([SDCL 36-37](#))
- Basic Life Support ([SDCL 34-11](#))

Important LISTSERVs for Healthcare Providers

The Department of Health maintains a variety of LISTSERVs that provide useful information on COVID-19, including current guidance and scheduled calls.

- [Health Alert Network](#)
- [Laboratory LISTSERV](#)
- [Epi LISTSERV](#)
- [Healthcare-associated Infections LISTSERV](#)
- [Office of Licensure and Certification LISTSERV](#)

ATTENTION RETIRED OR INACTIVE MEDICAL PROFESSIONALS:

Governor Noem is reaching out to our state's licensed medical professionals (physicians, nurses, EMTs, etc.) who are willing to volunteer their services during this COVID-19 pandemic through the Department of Health's Statewide Emergency Registry of Volunteers in South Dakota (SERV SD). SERV SD coordinates the pre-registration of medical and health care professionals who may be willing to volunteer in the event of an emergency.

Whether you work in a health field or not, active or retired, if you have an interest in assisting your community or state during the COVID-19 pandemic, we invite you to join SERV SD. SERV SD will create a database of medical and health care volunteers who can be mobilized immediately in response to an emergency. **Participation in a deployment opportunity is optional. You may decide at the time a call is made to volunteer if you are willing and able to respond.**

Registering with SERV SD is easy. Go to <https://volunteers.sd.gov/>.
