Please note, these data are meant to provide a rough estimate of testing volume. Due to different source data, numbers may differ slightly from day to day. Laboratory reports of positive cases are reported to metro and local health departments as soon as results are available. State numbers are updated at 2pm daily and there may be a lag in the reporting of cumulative numbers at the state level. Please note numbers within tables may not add up to total confirmed number of cases due to reporting delays and/or missing data. Percentages may not add up to 100.0% due to rounding.
