Current cases: Utah's confirmed cases of COVID-19 increased by 122 on Saturday after more than 2,000 additional tests were completed. As with previous days, nearly half of those (58) were in Salt Lake County. San Juan has their first reported case on the daily report, although it was announced yesterday by local officials. Other local health departments reporting new cases include Bear River (1), Davis (9), Southwest Utah (4), Summit (25), Tooele (3), Utah (4), Wasatch (8), and Weber-Morgan (9). You can see the cases on our [dashboard](#).

How You Can Help

The best way to help during the COVID-19 pandemic is by supporting local response and relief efforts with a donation. We have identified funds to collect essential medical equipment, support workers in the food and beverage industry, and provide assistance to those most impacted by this crisis. Utah is a service-based state and we know people are eager to help.
