Utah Has More Than 800 Cases

Current cases: Utah's confirmed cases of COVID-19 increased by 90 on Monday after more than 2,000 additional tests were completed, for a total of 806. Two additional deaths have also been reported. As with previous days, nearly half of the new confirmed cases (41) were in Salt Lake County. Other local health departments reporting new cases include Bear River (4), Davis (6), San Juan (2), Southwest Utah (1), Summit (16), Utah (7), Wasatch (5), and Weber-Morgan (2). You can see the cases on our [dashboard](#).

How You Can Help

The best way to help during the COVID-19 pandemic is by supporting local response and relief efforts with a donation. We have identified funds to collect essential medical equipment, support workers in the food and beverage industry, and provide assistance to those most impacted by this crisis. Utah is a service-based state and we know people are eager to help.
