

2019 NOVEL CORONAVIRUS

NEW IN VERMONT

Governor Phil Scott has announced a Continuity of Education Plan for the orderly dismissal of all schools, and cancellation of all school related activities, no later than Wednesday, March 18. [Read more](#).

On March 15, health officials announced an additional three cases of novel coronavirus. [Read more](#). Details of other cases announced in recent days can be found in news releases available on the [2020 News Releases](#) page.

On March 13, Gov. Phil Scott called on Vermonters to help protect our most vulnerable – the elderly and the very ill – and announced several strategies to help slow the spread of the new coronavirus. They include restricting visitor access at long-term care facilities, prohibiting non-essential gatherings of more than 250 people and suspending out-of-state travel for state employees. Gov. Scott declared a state of emergency to help ensure Vermont has all the necessary resources to respond to this evolving threat. [Read the executive order](#).

[Hepatitis A and B](#)

Vermont is experiencing a statewide increase of hepatitis A, and Health Commissioner Mark Levine, MD declared an outbreak in mid-January 2020. The Health Department has been offering free hepatitis A vaccine clinics in places that serve high-risk individuals, such as shelters, syringe services programs, and meal sites.
