VDH VIRGINIA DEPARTMENT OF HEALTH

CORONAVIRUS DISEASE 2019 (COVID-19)

Situation Summary

- **Virginia has 9 presumptive positive cases of COVID-19.**
- The Virginia Department of Health is monitoring an outbreak of respiratory illness, called coronavirus disease 2019 (COVID-19), caused by a novel (new) coronavirus that was first detected in Wuhan, Hubei Province, China.
- Cases of COVID-19 are also being reported in a growing number of countries internationally, including the United States, where the first case of COVID-19 was confirmed on January 21, 2020 in a traveler who had recently returned from Wuhan.

If you are a healthcare professional evaluating a patient for suspected COVID-19, please contact your local health department immediately.
