This is a critical moment in the growing outbreak of COVID-19 in King County. Public Health — Seattle & King County is working closely with the Centers for Disease Control and Prevention to protect the public's health. To minimize the health impacts of COVID-19 in King County, we are implementing a variety of emergency strategies to increase social distancing and slow the spread of this disease. We understand these actions will have a tremendous impact on all members of our community.

To limit the spread of COVID-19, King County Executive Dow Constantine and Health Officer Jeff Duchin announced a new Local Health Order that directed public health actions effective Monday, March 16.

- All events with more than 50 people are prohibited until further notice
- All events with fewer than 50 people are discouraged and prohibited unless organizers observe COVID-19 prevention measure.
- All bars, dance clubs, fitness and health clubs, movie theaters, nightclubs, and other social and recreational establishments until at least March 31.
- All restaurants and food service establishments cannot provide dining room service. They may remain open for drive-through, takeout and delivery.
- All other retail – including banks, grocery stores, hardware stores and pharmacies – should and may remain open, provided they observe COVID-19 prevention measures.

Under the order, events include: community, civic, public, leisure, or sporting events; parades; concerts; festivals; conventions; fundraisers; and similar activities.

Our guidance documents are in the process of being updated to reflect the new Local Health Order. Please check back frequently.

Guidance for people who have or think they have COVID-19

- [What to do if you have confirmed or suspected coronavirus disease \(COVID-19\)](#) (PDF)
- [What to do if you were potentially exposed to someone with confirmed coronavirus disease \(COVID-19\)](#) (PDF)
- [What to do if you have symptoms of coronavirus disease 2019 \(COVID-19\) and have not been around anyone who has been diagnosed with COVID-19](#) (PDF)

 **UPDATE:** March 15, 2020 at 1:53 pm

There are confirmed cases of novel coronavirus in King County. The majority of these illnesses are mild, with fever and cough. A much smaller percentage of cases are severe and involve pneumonia, particularly in elderly people and people with underlying medical conditions. **This is a quickly evolving situation and this site will be updated frequently.**

Case updates updated Mar. 15, 2020

- **Number of confirmed cases:** 420
- **Number of deaths:** 37

King County Novel Coronavirus Call Center

- If you are in King County and believe you were exposed to COVID-19—or if you're a healthcare provider with COVID-19 questions—contact our call center between 8 AM to 7 PM PST at 206-477-3977.
- For general questions about COVID-19 in Washington State, please call the Washington State Novel Coronavirus Call Center at 800-525-0127.

When to seek medical evaluation and advice

- If you have a cough, fever, or other respiratory problems, speak with your healthcare provider before going to a medical facility. Do not go to an emergency room.
- If you believe you are experiencing life-threatening symptoms, call 9-1-1.
