In King County, we all must take urgent action to minimize the health impacts of COVID-19:

- A health order has been issued to curtail the amount of face-to-face interaction. This includes a prohibition on all events with 50 or more people and [health requirements to hold smaller gatherings](#). Many social and recreational [services must temporarily close](#) and [restaurants may not offer dine-in services](#).
- Avoid close contact with others as much as possible.
- Wash your hands frequently and don't touch your face. These simple actions are among the most effective to avoid illness.
