Everyone, even people who are young and healthy, must stay home to slow the spread of COVID-19. You should:

- Stay at home and avoid all non-essential contact with others.
- Limit trips for groceries, gas and other essentials.
- If you must go out, stay at least 6 feet away from others at all times.

IMPORTANT NOTICE

On March 23rd at 5pm, Governor Inslee announced a statewide order that requires everyone in the state to stay home. This [Stay Home, Stay Healthy](#) order will last for two weeks and could be extended. Please note that the guidance documents posted on this website are in the process of being updated to reflect the Governor's order. The order:

- Requires every Washingtonian to stay home unless they need to pursue an essential activity. [See what's open and closed.](#)
- Bans all gatherings for social, spiritual and recreational purposes.

Close all businesses except [essential businesses](#).

What to do if you are ill

If you are ill with fever and a cough or shortness of breath, stay home. If you are unsure of how to care for yourself or are concerned about your condition, call your health care provider for advice. If you feel you need to visit your doctor, call them first. Keep yourself separated from other people and animals in your home. Cover your coughs and sneezes and wash your hands often.

- Centers for Disease Control and Prevention (CDC) guidance for [steps to take if you are sick with COVID-19](#) or think you may be infected with coronavirus
- Washington State Department of Health [information on getting tested](#)
- Washington State Department of Health information on [what to do if you were potentially exposed to someone with confirmed COVID-19](#)

You can also use the online [Coronavirus Assessment Tool](#) developed by Providence and Microsoft.

Important updates

For service providers:

If you have concerns of a case, cluster or outbreak in your facility, please report the case using this online form. (Examples include long-term care facilities, senior living communities, supportive or transitional housing, homeless shelters, healthcare settings.)

Updated case data and related information

Please note: Due to high volumes of traffic to our data dashboard, you may experience slowness of the data appearing on your screen. We are working toward speeding up the process and apologize for any inconvenience this may cause you. Alternatively, you can download a current [PDF version of the data](#).

Additional updates: [Centers for Disease Control and Prevention \(CDC\)](#) and [Washington State Dept. of Health](#)

Questions on complying with the Stay Home, Stay Healthy Order?

The public has been highly accepting of and cooperative with Public Health's actions that are intended to protect the community's health and well-being in King County. While the Governor's Stay at Home Order is enforceable by law, King County will not be actively searching for violations. Our focus is on helping people understand the importance of social distancing, rather than citations.

If you have specific questions or reports related to this, please email coronavirus@kingcounty.gov

King County Novel Coronavirus Call Center

- If you are in King County and believe you were exposed to COVID-19—or if you're a healthcare provider with COVID-19 questions—contact our call center between 8 AM to 7 PM PST at 206-477-3977.
- For general questions about COVID-19 in Washington State, please call the Washington State Novel Coronavirus Call Center at 800-525-0127.

**WE'RE PROTECTING
OUR FAMILIES
FROM COVID-19**

In response to Public Health direction, we:

Screen caregivers and children daily for fever, cough, and shortness of breath.

Ensure sick caregivers and children stay home.

Ensure that children and caregivers frequently wash their hands.

Clean and sanitize surfaces frequently.

Please help in protecting our community:

- Check your child's temperature daily.
- Keep children home if they are sick.
- Do not enter the child care if you are sick.
